

 **IBI** International  
Hardwood Doors  
Indonesia

2026 Edition 1

**IBI International AB** is a privately owned company established 1995 in Sweden. The company has grown steadily over the years and is today a major supplier of building materials, mainly from Brazil and China, to the Caribbean islands, Central America, West Africa and northern Europe.

We assist our customers all the way from sourcing to delivery, including quality controls, insurance, documents and financing.

IBI International can provide a wide range of quality products at competitive prices. Our strength is our ability to offer flexible solutions for your specific needs. We match product specifications and volumes after your requirements, and are able to combine various products in the same shipment.

## **We take responsibility for the environment**

IBI International only trades with legal products from controlled suppliers. This means we follow regulations for sustainable forestry.

Our Indonesian partners and suppliers are certified SVLK exporters which has been recognised in FLEGT agreement between Indonesia and Europe. The SVLK assured product is used when we trade for markets outside EU as well.

SVLK (Sistem Verifikasi Legalitas Kayu) is the acronym of Indonesia's national timber legality assurance system, which is a mandatory legality and sustainability certification system built on a national multistakeholder consensus.

A FLEGT licence is a document that confirms that a shipment of timber or timber products has been legally produced, in accordance with the relevant laws of the country of export. FLEGT-licensed timber and timber products are considered to comply with the requirements of the EU Timber Regulation (EUTR).

## OUR WORLD

The head office is located in Göteborg, Sweden, where sales and shipping activities are coordinated. Our purchasing offices in Brazil and China maintain a daily contact with factories and shipping companies, ensuring that product quality requirements are met and export documents are accurate.

### Professional and personal service

We have experienced staff that regularly travels the world to continuously develop strong relationships with our manufacturers, enabling us to provide quality products and services at a low cost. Our international network and our sales team ensures personal services to our customers. Our skilled sales staff can assist you with advice and guidance when it comes to products and delivery solutions.

It's important to us that our customers are confident ordering from us. We make regular pre shipment inspections and quality controls at the factories.

Our suppliers focus their production to find new ways to minimize waste. Timberwaste are recycled to make core or other supporting materials. They plant trees and ginger, have fish farms and produce compost for fertilizer. This is a true engagement to support sustainability and regrowth of their region.

Our team at IBI International travel the world to find these genuine suppliers to create collaborations having constructive environmental impact on the nature as well as the local society.

IBI International AB

# What we source

IBI International offers a broad selection of high-quality products at competitive prices. Our strength lies in providing flexible solutions tailored to meet your specific needs. We match product specifications and volumes with your requirements, ensuring efficient sourcing and delivery.

## Doors

We bring you a diverse selection of high-quality doors to enhance the aesthetics and security of your spaces. Our doors are crafted with precision, combining functionality with exquisite design to meet the varied needs of our customers. Whether for residential, commercial, or industrial use, our doors are available in customizable options to meet your specific requirements.

## Lumber

Lumber, with its timeless appeal and versatility, stands as a cornerstone in the world of construction and design. We understand the significance of this material, and our dedicated team meticulously specializes to source a variety of wood species. Each wood type offers unique characteristics, allowing you to create spaces that resonate with natural beauty.

## Plywood

Plywood is used for various applications in construction, furniture making, and other industries due to its durability, flexibility, and ease of use. It is available in various grades and thicknesses, making it suitable for a wide range of projects, from sheathing and subflooring to cabinetry and decorative paneling.

## Decking, Flooring & Wood Profiles

Discover a world of possibilities with our expertise and assortment of quality materials for your bespoke projects, whether you're envisioning a stunning deck, flooring, wood panels and beyond.

## Floor & Wall Tiles

Benefit from our years of experience in the tile industry. Whether it's staying ahead of trends or meeting specific market demands, IBI International is your trusted partner in delivering customized tile solutions.

## Plastics

We specialize in sourcing and offering a wide range of plastic solutions to meet your diverse needs. Among our flagship products are PVC panels, PVC Foam Boards, PVC pipes, and PVC flooring. Experience excellence in every detail as we cater to your unique requirements.

## Metals

Explore the strength and resilience of our metal building materials, designed to meet the highest standards. Whether you require sturdy fencing, nails, screws, wire, or other building materials, we specialize in providing precisely what your project demands.
